**Date:** 12/17/2012

**Re:** Human Resources – Security Project

The Information Technology and Human Resource Department would like to respectfully request approval for the funding extension of PO#156265 in the amount of \$46,200.00 to support the Security Project addition to existing Helpdesk Project purchase order. This funding request falls within the twenty five percent contingency range for existing purchase order. Requisition number is 171706. This dollar amount provides support services to re-configure security across HCM, Helpdesk and Web Portal to support best practices and eliminate current configuration failures. This re-configuration preliminary work will also aide in smoother HCM upgrade.
